#### VARIATION

In the said scheme, for the sub heading “10” “Reservation of Land and Zoning” the following shall be substituted, namely:—

#### **“10” Reservation of Land and Zoning**

1. A list of land reserved for streets and for other non-residential purposes is given in schedule IV (Form No. 10). For the purpose of the scheme, the streets or footpaths which may be approved or made in accordance with the provisions of the scheme, which are not mentioned in schedule IV shall also be deemed to be included under land reserved for the purpose of the scheme.
2. The Kozhikode Corporation may, from time to time meet the demand, declare any part of the area, with the approval of the Chief Town Planner or subject to such conditions and restrictions as he may think fit, to be reserved for any activity or for such other purpose which can be prescribed under sub-section (k) of Section 4 of the Act.

Any part of the area so declared shall be included under land reserved under the scheme and treated as such.

3. (i) All future developments in respect of land within the scheme area shall conform to the zoning regulation given below: (Any uses not mentioned therein shall be prohibited).  
(ii) For the implementation and enforcement of the proposals envisaged in the Detailed Town Planning Scheme, areas have been zoned under various uses such as residential, commercial, public and semi-public, etc. Details regarding the nature of uses ‘permitted’, uses ‘restricted’ and uses ‘prohibited’ in each zone are given below.

Such cases have to be individually studied based on their performance characteristics and spatial locational factors. Such cases, which come under this category, are classified as “Uses Restricted”. “Uses Prohibited” enlists the various objectionable uses in each zone, which shall not be permitted under normal circumstances.  
(iv) Zoning regulations are not intended to prohibit existing uses that have been lawfully established prior to the enforcement of these regulations. They are essentially intended to help the competent authority in decisions regarding granting or refusal of planning permissions for land use conversions
